Coastal Kids

WOW – what a performance! We couldn't be more proud of our Stage 3 Dancers and Tregeagle Public School Choir! They performed beautifully and the feedback from parents and other schools was all positive praise and appreciation.

Thank you to those participating students for not only performing to your absolute best ability, but you did us proud with your manners and representation of Tregeagle Public School targets and expectations. Thank you also to those wonderful parents out there for supporting our students through these wonderful experiences – without you, none of it would happen!

Grandparents' High Tea

Thank you to those SRC students who have returned their notes regarding assistance bringing in a plate for our Grandparents' Day High Tea next Monday, 13 August. The SRC students will be serving during the High Tea and we feel this will be an excellent opportunity for the development of their leadership skills. If SRC students are able to bring in a plate, these donations can be delivered to the computer lab Monday morning. A big thank you!

Junior Landcare

Say no to plastic straws!!

Our wonderful devoted land carer, Bella and her equally wonderful mum, Chrisy, presented a lesson to our student land carers on the use of plastic straws and the detrimental effects on our environment, particularly our beautiful animals. They showed some terrific videos and pictures, provided advice and examples of alternatives to using plastic straws and we all signed a petition to McDonalds to stop using plastic

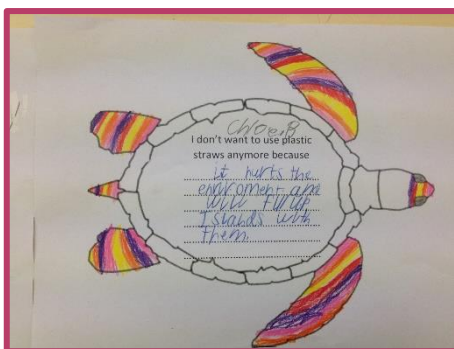

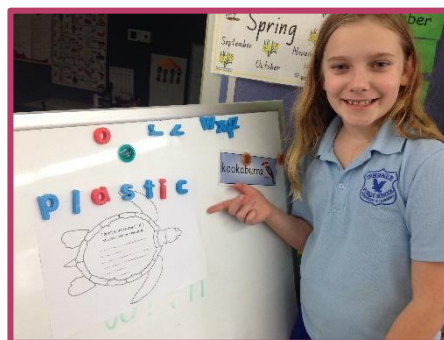

straws – let's hope we can make a difference! Students coloured their own turtles and were able to articulate their feelings and knowledge gained around this very important topic.

We hope that our Tregeagle Public School families will say no to plastic straws too!!

Free Dental Treatment

The Child Oral Health Service would like to remind parents and carers of the importance of regular, supervised oral hygiene.

- When children start school they are often keen to be as independent as possible. Most children don't have the skills to brush their own teeth well enough to prevent decay until age 8-10, depending on their level of dexterity.
- Thorough brushing twice per day prevents significantly more dental decay than brushing once per day or less often.
- Help your child gently brush their teeth and gums twice per day with a small amount of fluoride toothpaste.

Let's Look in the Lunchbox

One of our subscribers sent us this picture of her son's lunchbox with the comment that she had run out of time this morning so had to think quickly about what she could pack. Other than decanting yoghurt & hummus, the only prep was quickly cutting some veggie sticks. Super simple! Thanks Melissa for sharing.
