Focus on Learning

Over the last two weeks I have been thrilled to see students from all classes putting in a 5 star effort in their learning.

Also a big thank you to parents for assisting their children with homework and home reading. It really does help to consolidate their learning.

Be Safe, Be Respectful, Be a Learner

Clubs and Junior Landcare are back at TPS in 2023!

We are so excited to dive back into running clubs and Junior Landcare every 2nd Friday afternoon. The students select a club that interests them and have the opportunity to work with students of all ages.

In the craft club with Mrs Wilkie and Naomi (Piper's mum, students learnt how to 'Quill'. It is an art form that involves the use of strips of paper that are rolled, shaped, and glued together to create decorative designs. Amazing results!

In Junior Landcare there has been a lot of weeding and gardening preparation. The students were very proud of their freshly planted out round gardens too.

Crackle.. push

squeak

In 3/4/5A we have been learning about animal adaptations. We then decided to do some further research on the Southern Cassowary.

We started by reading 'Cassey's Tale' by Eva-Marie Welch. Students explored onomatopoeia and then they wrote a short story about being a Cassowary for a day.

Students then learnt how to create a fact file about a cassowary. We then took this a little further and were learning how to make an infographic on Canva in technology.

Later in the week we got creative and made cute paper plate cassowaries and then did a guided drawing of a cassowary.

They have had a lot of fun learning about this cool animal!

3/4/5A

If I was A Cassowary For A Day....

CRACK CRACK! If I was a Cassowary I would scramble out of my egg and probably fall onto my face! My legs would feel like jelly and my cute stripy feathers would be wet. I would wait for my brothers and sisters to hatch and hope Mum or Dad will come back with food.

As I wait I hear something scary coming from a bush near me, I wonder if it's Mummy or Daddy. I would investigate but I don't think I'm strong or brave enough to go.

OH It's just Daddy! But he has food. That is super super good, **CRACK CRACK** Wow another sibling! There were cracks after cracks after cracks! The first one (Cassy) quickly counted 1, 2, 3, 4, 5, 6, 7, 8 SIBLINGS! Cassy thinks for a second including me there's nine baby Cassowaries for Mummy and Daddy to look after.
